ITM Data Commons Access Guide

Researchers wishing to access the ITM Data Commons must complete the ITM Data Commons onboarding and review process, as described below:

1. Potential ITM Data Commons users meet with the Program Director for an introduction to the ITMDC, discussion about acceptable use, and to assess the fit of their research question(s). If interested, users complete form here: <https://forms.gle/F4y2DNmp1oFLMhkv9>
2. After completing the interest form, potential users may complete the following steps:
 - a. Sign data use agreement (DUA) in REDCap: <https://redcap.uchicago.edu/surveys/?s=PWTEP4KKMAHTT3PY>
 - b. ITM Data Commons leadership will receive an automated email when this form has been signed.
 - c. Log in to Globus (<https://www.globus.org/>) or create an account and request to join the ITM Data Commons group: <https://app.globus.org/groups/03a24338-c12d-11ee-af36-8bf83284ed35/about>
3. Once all of these steps have been completed, the ITM Data Commons team reviews the application and routes to relevant subject matter experts for further review if necessary. If approved, the Program Director sends a confirmation email with instructions on how to access the data. All approved users will also be added to monthly Community Meetings.
